INTERSHIP

QUANTUM-LEAP INTERNATIONAL MANPOWER RECRUITMENT AGENCY

UI/UX and Web Development Intern

- Assisted in wireframing, user flow design, and interface prototyping for interactive web platforms using Figma.
- Applied visual design principles and information architecture to improve navigation and user experience.
- Conducted usability testing and implemented design improvements based on user feedback and responsive design standards.
- Maintained reusable design systems and component libraries to support efficient developer handoff and consistency across projects.

PROJECTS

Nursing Thoughts

A comprehensive nursing review platform designed for nursing students, featuring multiple-choice examinations, identification activities, practice questions with rationales, and subject-based review materials to support academic learning, critical thinking, and examination preparation.

Queens Manpower Services Corporation Website

An emerging Philippine recruitment agency website designed to connect job seekers with reputable employers.

Quantum-Leap Construction Website

A corporate web platform that showcases the company's construction services, projects, and business information through a professional and user-friendly online presence.
